Degree	Institute	Year
Bachelor of Engineering in Electronics & Communication Engineering	Chennai institute of Technology Chennai, Tamil Nadu	2024
12th	E.R.K. Matric Higher Secondary School	2020
10th	E.R.K. Matric Higher Secondary School	2018

#### Source Safe Tools

VS Code

Eclipse IDE

Working with Hexaware Technologies Ltd. From Jan 2024 – Till date

## PROJECT EXPERIENCE

<b>Project Name</b>	: Automobile Insurance System
<b>Role</b>	: Team Member
<b>Environment</b>	: Windows 11
<b>Technology</b>	: MySQL, Spring Boot, React JS
<b>Duration</b>	: September 2024 to October 2024
<b>Tools Used</b>	: VS Code, Postman

**Description:** I worked as a team member on a project called Automobile insurance System which displayed the details of vehicles ,proposals and claims in the webpage by fetching the data from the Database. The customer could login and register their vehicle and apply the proposal or claim incident. After the officer can approve or reject the proposal and generate a quote to the customer. Once the Customer pays the Quoted amount , the policy is activated.

### Roles and Responsibilities:

- Setting up the MySQL database tables.
- Being a team member and taking accountability of work
- Developing the front end in React JS.
- Integrating the developed modules with other functionalities of the application.

## PROJECT EXPERIENCE

<b>Project Name</b>	: Car Rental System
<b>Role</b>	: Team Member
<b>Environment</b>	: Windows 11
<b>Technology</b>	: MySQL, Core java and Junit
<b>Duration</b>	: April 2024 to May 2024
<b>Tools Used</b>	: Eclipse IDE,JDBC

**Description:** I worked in a team of 4 members on a project called Car Connect which is a car rental system displayed the details of vehicles ,customers and Booking fetching the data from the Database. It has the functionalities of creating , updating and deleting the details of vehicles, users and handled the exceptions.

## Roles and Responsibilities:

- Setting up the MySQL database tables.
- Being a team member taking accountability of work
- Integrating the developed modules with other functionalities of the application.
- Attended the Sprint meetings and presented status reports.
